

# Riverside

The Bathroom Book  
Spring 2026

# Plumbing & Heating Supplies

The local & independent plumbing and heating supplier since 1933!

# Riverside

We've supplied bathrooms since 1933, but in 2021 we gave our showrooms their own identity, Riverside. With new showrooms in Bath and Yate, and a refurbished Barton Hill Showroom, we boast some of the regions best showrooms staffed by a fantastic team.

Our consultants work alongside their customers, tradespeople and their BBS colleagues to deliver exceptional service & standards. From conception to completion, BBS & Riverside have you covered!

**BOOK AN APPOINTMENT TODAY!**

**BBS Plumb can trace their local roots back more than 50 years**

With over 90 years of history, BBS are the independent supplier with local heritage.

We're a company that takes pride in our work every step of the way, always adhering to our company values of - Quality, Stock & Service!

Today alongside our traditional offerings we've specialist divisions offering emergency heating spares, a Renewable Solutions team and a dedicated Commercial Division.

## INSTINCT

Our own brand is exclusive to merchant members of PHG. Products within this brochure are supplied by leading brands such as Bristan, Imex, Roper Rhodes, Roman, Merlyn, Aqualla, Highlife and more!

### OPEN A TRADE ACCOUNT WITH US!

To access all the benefits of doing business with BBS: Flexible Credit Terms, Dedicated Account Management, Trade-Only promotions and Events, BBS Pro Loyalty, and Free Local Delivery!

# INSTINCT®

## Build with Confidence. Design with Instinct.

A complete online collection of bathroom, plumbing and heating solutions at your fingertips.

With over **3,000 high-quality products** available online, Instinct makes it easy to specify with confidence. Access essential product documents, find your nearest branch, and stay connected with the latest news and product launches.

Everything you need to transform your projects – made simple.

# Fitted Furniture Buying Guide.

**All you need to know about buying the right fitted furniture for your bathroom or en-suite space.**

When choosing your fitted furniture, there are a number of factors to consider. To help you make an informed decision, follow our step-by-step guide opposite.

# Fitted Furniture Buying Guide

## Step 1 Carcass + Panels

Your first step is to select your carcass. Consider your room size – is it for a family bathroom or smaller en-suite? Most fitted furniture runs will consist of a semi-countertop basin unit and back to wall WC unit. Panels hide the carcass at each end.

## Step 2 Cistern + Flush Button

If you are installing a back to wall WC unit you will need a cistern as it provides flushing water to the pan. You will also need a flush button or flush plate.

## Step 3 Fascia Packs

Our fascia packs are available in three styles – Shaker, Slab or J-Pull. Semi-countertop fascia packs comprise two doors and a top fascia. Back to wall fascia packs mask the carcass and cistern and plinths mask the gap below the carcass.

## Step 4 Worktop or Integrated Basin

Choose either a worktop or integrated basin with worktop, available in slim or standard depths. Our worktops are available in a variety of lengths and finishes.

## Step 5 Sanitaryware

Select from a wide variety of contemporary or traditional basins, back to wall or wall hung pans to suit your style and complement your fitted furniture selection.

## Step 6 Choose Accessories

Your final step is to choose complementary handles, bathroom taps, cabinet or mirror. **So now you know how. Browse through the pages ahead and create the perfect bathroom for you.**

# How to Order Your Fitted Furniture

Adding the finishing touches to your fitted furniture creates a unified look and maximises the space available in your bathroom. All units have soft close hinges and basin units feature an adjustable shelf, removable back panel for easy pipe access and a 50mm plumbing void. Floor cupboards have a reversible door for ease of access.

Choose from 3 door styles in a range of contemporary finishes, work out which mix of units works best for your space and then add all the finishing touches. It's easy to plan your new bathroom, simply follow the step-by-step guide below.

## 1. Door Styles + Finishes

Choose your desired door finish in either 'slab', 'shaker' or 'J-Pull' style.

## 2. Combination + Depth of Units (Pages 70-74)

Assess the space you have available in your bathroom + work out which units you need. Choose from standard depth (353mm) or space-saving slim depth (218mm) units.

### Standard Depth

### Slim Depth

## Guarantees

**5** Years  
on Fitted Furniture

# How to Order Your Fitted Furniture

## 3. Handles (Page 75)

Choose your handle style from the 11 available options.

## 4. Worktops (Page 76)

Select a worktop from either our Strata solid surface or laminate options.

Alternatively, for a sleek contemporary look, opt for our Isocast worktops with integrated basin, available to fit both standard and slim depth units.

## 5. Panels + Plinths (Page 77)

Select the plinths to fit your furniture run and any panels you may need. Filler panels can be cut down and used with a worktop to fill a void in a wall-to-wall installation.

## 6. Sanitaryware (Pages 82-127)

Choose sanitaryware options from the wide range of semi-countertop basins and back to wall WC pans.

## 7. Coordinating Bath Panels (Page 77)

Select a Coordinating bath panel.

## 8. Tap Options (Pages 208-233)

Complete your bathroom with an Instinct basin mixer.

Years **5**  
on Fitted Furniture

## Fitted Furniture Selections

To make things easier to order we have gathered together below some very commonly used configurations of fitted furniture. These cover three furniture widths, a 1000mm, 1200mm or 1500mm run. Each configuration is available with either contemporary slab, classic Shaker-style or J-Pull Doors and with a number of finishes in each style.

Make sure you select the correct left or right hand basin option for your room layout, and pick the configuration which works best for you, in the style and colourway of your choice. Then simply order the single code which includes all the components you need.

**\*Note:** price does not include Keros Back to Wall WC, Seat, Concealed Cistern and Flush Button. To order separately, see pages 100-101 Malham for WC and Seat, pages 208-233 for Basin Mixer choices, page 131 for Concealed Cistern and page 136 for Dual Flush Button.

# Sanitaryware Features

There are many features in our sanitaryware range. Use the icons to help choose the right option for you.

## Pans + Bidets

**Rimless**  
Rimless flushing, hygienic and easy to clean.

**Vortex Flushing**  
Vortex flushing delivers powerful, water-saving, low-noise flushing with advanced anti-splash performance.

**Comfort Height**  
The comfort height option sits several centimetres taller than standard WCs.

**Short Projection**  
Space saving short projection pans, ideal for small washrooms.

**Air Gap**  
Provides an air space between your tank's water level and your municipal refill line to ensure that cross contamination and back-siphonage is impossible.

**Right Hand Flush**  
Ergonomically positioned cistern handle for convenient flushing.

**Full Flush Volume**  
The total volume of water discharged from the flushing system during a flush cycle.

**Dual Flush Volume**  
The dual flush allows you to save water while providing you with the flexibility to choose between a water saving 3 litre flush or a standard 6 litre flush.

**Eco Dual Flush Volume**  
A more effective water saving flush volume. The dual flush allows you to choose between a water saving 2.6 litre flush or a standard 4 litre flush.

## Toilet Seats

**Quick Release**  
Easy to operate quick release hinges allow the seat to be lifted away easily, leaving clear access to clean hard to reach surfaces.

**Top Fix Hinges**  
Some seats feature a special 'top fix' hinge allowing them to be quickly and easily installed on modern WC pans.

**Soft Close**  
The hydraulic hinge mechanism ensures controlled and quiet closure of the seat lid and ring.

Toilet Seats  
Page 126

# Comfort Height Pan. Short Projection Pan. What's the difference?

## Comfort Height Pans

Comfort height pans are designed to ensure that the bowl and seat height is such that they make for comfortable use. Typically comfort height pans are 450mm and above (standard height pans are approximately 400mm in height) and can be particularly useful for the elderly and people with mobility issues.

## Short Projection Pans

A short projection pan means that it has a shorter depth than standard, and therefore does not protrude as far, taking up less floor space. Typical short projection pans are 620mm\* and below (standard projection pans are typically above 620mm). A short projection pan is ideal for a small bathroom or cloakroom suite.

*\*620mm is relevant to Close Coupled suites. Below 500mm is considered short projection for Back to Wall and Wall Hung Pans.*

Please look out for the comfort height and short projection icons in the following sanitaryware pages. Alternatively, use the range selector on page 83 and discover which of our Instinct Sanitaryware have comfort height and short projection pan options.

## Intelligent Toilet Control

### Remote Control

Simple and clean design with functional operation at a glance. Modern and ergonomic design make the controller more comfortable to use + operate.

### One rotary knob control, easy operation

Side rotary knob control design integrates all smart functions on a minimalist knob. By rotating and pressing, it can easily achieve rear wash, woman wash and drying, as well as regulating, the position and flow of the shower spray, water temperature.

### Details Make The Design

Delicate feel, light guide with comfortable operation. Micromesh texture with intuitive touch. Many features with one control.

## Flushing Features

There are many features in our flushing range. Use the icons to help choose the right option for you.

### Guarantees

All WC frames, concealed cisterns and flush products carry a five year guarantee.

### Back To Wall Pans

Can be used for back to wall pans.

### Wall Hung Pans

Allows wall hung pans to be used.

### Wall Hung Bidets

Can be used for wall hung bidets.

### Air Gap

WRAS approved Air Gap inlet valve included.

### Dual Flush Volume

Water-saving dual flush with selectable 3 or 6 litre options.

### Easy Install

Our concealed cisterns and WC frames are designed for easy maintenance and installation.

### Insulation

The Instinct concealed cistern jackets are fully insulated.

### Low Battery Alarm

Alarm activates when batteries are running low.

### Contactless Controls

Infrared switch allows control with the wave of your hand.

### Slim Depth

Slim depth design for a clean, contemporary look.

### Anti Fingerprint

Minimises visible smudges, fingerprints and streaks for a consistently high-end finish.

# Premium Dual Flush Plates

## Premium Dual Flush Plates

Our premium dual flush plates redefine design and performance. Featuring a high-quality stainless steel front, they deliver a refined, luxurious finish with exceptional durability. The ultra-slim 4mm profile sits almost flush to the wall, creating a clean, contemporary look. Available in a broad choice of finishes, brushed options are enhanced with a durable PVD coating for long-lasting resistance to wear and everyday use.

## Baths Features

There are many features in our bath range. Use the icons to help choose the right option for you.

### Guarantees

Instinct Cast and Instinct Premiercast baths come with a 25 year guarantee. Our Freestanding baths come with a five, ten or twelve year guarantee.

### Water Capacity

Total number of Litres the bath can hold safely.

### Glass Thickness

Instinct bath screens feature 6mm toughened safety glass. Safety glass is around five times stronger than normal glass.

### Reversible

Instinct bath screens are reversible for left or right hand applications.

INSRU032	Brushed Brass	£332.00

## Why choose an Instinct Cast or Premiercast bath?

Hand finished in the UK to the most exacting of standards, Instinct Cast and Premiercast baths are durable and strong with a reassuring substantial weight, perfect for all bathrooms.

### Instinct Premiercast

The ultimate premium acrylic bath

All Instinct Premiercast baths are constructed by hand. Firstly the bath is formed from high quality 5mm acrylic, then a full timber supporting frame is added to both the base of the bath and the underside of the rim. This creates a strong base to then apply by hand, 7 layers of fibreglass core matting. Between each layer a resin bonding adhesive is applied which, when dry creates a super strong encapsulated bonded core. Finally the bath is coated with a mix of resin and blue paint, which provides a smooth and superstrength final bonded surface.

- 1 5mm colour match reinforced acrylic panels
- 2 Timber frame fully encapsulated with 7 layers of resin bonded fibreglass
- 3 Blue stoplight resin paint
- 4 Base board fully encapsulated with 7 layers of resin bonded fibreglass
- 5 5mm acrylic encapsulated with 7 layers of resin bonded fibreglass

### Instinct Cast

Reinforced acrylic bath

All Instinct Cast baths are constructed by both hand and Automated processes, for efficiency and speed. The first process is to form the bath from high quality 5mm acrylic, then a full timber supporting frame is added to both the base of the bath and the underside of the rim. This creates a strong base for a Fibreglass sprayed layer to be applied, encapsulating the timber frame creating a durable and strong bath. Finally the bath is coated with a mix of resin and grey paint, which provides a smooth and strong final bonded surface.

- 1 5mm colour match reinforced acrylic panels
- 2 Timber frame fully encapsulated in spun resin for rigidity + strength
- 3 Grey stoplight resin paint
- 4 Base board fully encapsulated in spun resin
- 5 5mm acrylic with reinforced spun resin

Single Ended Bath

### Nowton Instinct Cast + Instinct Premiercast Single Ended Baths

Finish – White

Tapholes – Can be drilled

Waste – Not included

Overflow – Hole (Bath waste / filler can be fitted)

Feet – Adjustable

Panels – Instinct Cast panels can be cut down to size as required

Please see page 168 for universal side and end panels.

Instinct freestanding baths,  
designed to be the centrepiece.

Sculptural designs in classic and contemporary styles,  
finished with coordinating accessories, crafted to elevate your bathroom.

INSTINCT®

# A Smarter Solution for Bath Replacement.

## Lower Height, Greater Accessibility

Lower height baths make everyday use noticeably easier by reducing the step-over height, improving comfort and accessibility for a wide range of users. This thoughtful design detail is particularly beneficial in family bathrooms and renovation projects, where ease of use is as important as appearance.

Importantly, this added practicality doesn't come at the expense of style. Lower height baths retain clean lines and a modern profile, making them an easy upgrade that improves usability while still delivering a sleek, contemporary look.

## Minimal Size Change, Maximum Practical Benefit

Replacing a standard 1700mm bath doesn't have to be complicated. Shorter 1650mm baths are a proven solution for installers, offering an easier, more flexible fit without compromising comfort.

The slight reduction in length allows walls to be boarded over and re-tiled with minimal disruption — ideal when replacing baths fitted tightly between two walls. Despite the smaller size, water capacity remains comparable, with only a marginal reduction that's barely noticeable in use.

Please look out for the lower height and 1650mm bath icons on the following Cast Bath pages. A simple upgrade that makes a big difference.

## Bath Screen Features

There are many features in our bath screen range. Use the icons to help choose the right option for you.

**Lifetime Guarantees**  
Our Instinct 6 and 8 bath screens all come with a lifetime guarantee.

**Glass Thickness**  
All our bath screens feature toughened safety glass. Safety glass is around five times stronger than normal glass.

**Reversible**  
The bath screen is reversible for left or right hand applications.

**Rotates Through 180°**  
All or part of the bath screen rotates through 180° for easier access.

**Easy Clean Glass**  
Designed and manufactured to present easy cleaning ability to ensure your bath screen lasts for many years.

## Shower Features

There are many features in our showers. Use the icons to help choose the right option for you.

**Minimum Operating Pressure**  
Suitable for a system with low water pressure.

**Maximum Operating Pressure**  
Suitable for a system with high water pressure.

**Fast Fix**  
For a quick and easy installation.

**Single Outlets**  
Single outlet such as a fixed shower head or hand shower.

**Twin Outlets**  
Come with two separate heads.

**Anti Scald**  
Thermostatic valve regulates water temperature to prevent scalding hot water if someone else is using water in the home.

**Cool Touch**  
Featuring safe touch valve bodies and anti-scald thermostatic technology.

**Slide Rail Kit**  
Shower head, shower hose and a rail on which the shower head slides up and down.

**Telescopic Rail Kit**  
Consist of a shower head, and a rigid riser rail on which the shower heads moves up and down.

**Single Function Handset**  
A single spray function is available on this shower head.

**Multiple Function Handset**  
Multiple spray settings are controlled individually on these shower heads.

**Rub Clean Nozzles**  
Rub the nozzles with your finger or a toothbrush to loosen any deposits.

**Hose Type**  
Hoses available in reinforced stainless steel and smooth finishes.

**System Pressure**  
Recommended minimum system pressure.  
Low pressure at 0.1 Bar, Medium pressure at 0.5 Bar, High pressure at 1.0+ Bar.

**Flow Rate**  
Flow rate shown is based on testing conducted against lowest published pressure.

# Shower Kit Components

Guarantees

Years **10** on Concealed Showers  
Years **5** on Valve Working Parts  
Year **1** on Shower Kit Components

Make your own showers up by selecting components from the sections below

**1**

Select a valve from options A, B1 or B2

**2**

If you choose a single outlet valve from Section A choose one item from Section C1, D, E or F

**3**

If you choose a two outlet valve from Section B then choose two items from C1, D, E or F

**4**

If you choose a three outlet valve from Section B then choose three items from C1, D, E or F

**5**

Don't forget if you choose a slide rail kit from C1 you will also need a wall elbow from C2

# Wetroom Systems

## Ultimate build quality 'behind the tiles'

### Build your bathroom + wetroom in 3 simple steps

We've made it as simple as possible to achieve your perfect wetroom. With a comprehensive range of shower trays and complementary shower screens plus a selection of tile backer boards for wall and floor, you can create an aspirational space that combines cutting-edge design with industry-leading waterproofing properties.

#### 1 Waterproof your bathroom behind the tiles

We recommend using our Tile Backer Boards and Waterproofing Components for a fully waterproof installation on the walls and floors.

#### 2 Create beautiful wetrooms

Designed and manufactured in the UK specifically for the UK market, Elements wetroom shower kits are the ultimate way to create the perfect secure wetroom.

Whether your requirement is fully level access or raised wetrooms we can accommodate your needs.

Supplied with full installation kit and high capacity drain.

#### 3 Design waterproof recessed shower storage

Designed for pre-wall installation to make excellent use of space otherwise lost. Manufactured from the same high grade material used to produce our waterproofing building product range, our selection of recessed storage is fully waterproof and ready for installation.

## Shower Enclosure + Shower Seat Features

There are many features in our shower enclosure and shower seat range. Use the icons to help choose the right option for you.

**Lifetime + Ten Years Guarantees**  
Instinct 6 and 8 shower enclosures have a Lifetime guarantee. Instinct shower trays all come with a 10 year guarantee.

**Glass Thickness**  
All our shower enclosures feature toughened safety glass. Safety glass is around five times stronger than normal glass.

**Reversible**  
The shower enclosure is reversible for left or right hand applications.

**Bracing Bars**  
Contemporary designed bracing bar supplied for additional support to hold the glass panel in place.

**Magnetic Door Strips**  
Magnetic seals provide a water tight seal on shower enclosure doors. These seals have sufficient magnetic strength that latches are not required.

**Easy Install**  
Shower enclosures designed for a quick and easy installation.

**Weight Limit**  
Shower seats are designed to safely hold a maximum weight limit.

**Soft Open Seat**  
Soft open seats for a smooth, quiet opening action.

**Easy Clean Glass / Seats**  
Designed and manufactured to present easy cleaning ability to ensure your shower enclosure, shower seat or shower tray lasts for many years.

**Easy to Cut**  
Shower trays can be trimmed where necessary.

**Impact Resistant**  
Shower tray with the latest generation gel coat that results in greater durability and impact resistance.

**Anti-Bacterial / Waterproof**  
The shower tray has an anti-bacterial finish and is fully waterproof.

## About Grant Westfield – The UK’s Best Selling Bathroom Wall Panels

Since 1881, Grant Westfield has been dedicated to manufacturing exceptional interior building products in Edinburgh. Throughout the course of over 140 years, successive generations have upheld a shared passion for craftsmanship, high quality, and innovation.

Over 8,000 Grant Westfield wall panels are manufactured each week at the company’s factory in Edinburgh, which are distributed throughout the UK and Northern Europe through merchants, bathroom showrooms and leading online retailers.

**Our Brands**

**Multipanel** - In 2003, we introduced Multipanel, the UK’s leading bathroom wall panel and in over two decades sales have grown to over 1 million square metres per year. From marbles and stones, to the award-winning Tile Collection, Multipanel allows for the creation of intricate and luxurious bathroom interiors.

**Naturepanel** - Following the rise in demand for slot wall design, Grant Westfield introduced Naturepanel in 2024, providing the same authentic aesthetic as traditional wood panelling, without the maintenance. Suitable in wet areas, award-winning Naturepanel can be used in bathrooms and showers, and due to the unique Hydrolock joint can be installed with sister brand, Multipanel bathroom wall panels to create a stand out interior.

Grant Westfield panels are FSC®-certified. This ensures the timber we use originates from responsibly managed forests and other controlled sources, and our finished products comply with globally recognised ecological, social and economic standards for complete customer assurance on responsible sourcing. We’re proud to have obtained an Environmental Product Declaration (EPD) for all our UK collections. The EPD covers environmental impacts from cradle to grave and has been independently verified to help you choose products that support carbon emission reduction.

**Hydrolock®**

Multipanel panels are available with Hydrolock® tongue and grooved edge for easy click-into-place installation.

**Hydrolock Installation**

To ensure our panels can be installed to show off their true potential, we created Hydrolock, a unique solution which makes it possible to join panels from our collections (Naturepanel, Tile, Pure, Linda Barker and Contemporary) together to create an almost seamless expanse of waterproof wall. Precisely engineered, our Hydrolock edge creates a discreet watertight joint, without the need for profiles and can even be installed on uneven walls. Hydrolock panels are available in a range of widths for ease of installation –

2400 x 598mm, 2400 x 900mm, 2400 x 1200mm, 2700 x 598mm, 2700 x 1200mm.

The Hydrolock joint reduces the finished face by 20mm i.e. 2400mm x 1200mm becomes 2400 x 1180mm. Straight edge panels are also available.

Scan the QR code and watch a video to learn more about Hydrolock installation and its benefits.

## Why Choose Grant Westfield

Easy to keep clean

Almost seamless joint with Hydrolock®

30 year warranty

Quick and easy to install

Fully waterproof

Can be installed over old tiles

Valmasino Marble, XL Offset Tile Collection

#### How to create the XL Offset tile pattern

To create the offset tile appearance simply install an 'A' followed by a 'B' format panel.

Please note these are supplied individually and not in pairs. When planning your bathrooms, please consider the positioning of showers, taps etc, when calculating the quantity of each panel format required.

## The Tile + Pure Collections

White Mineral, The Tile + Pure Collection

The Tile + Pure Collections share an inspired range of marble, minerals and colours, to allow you to create elegant combinations for your new bathroom.

The Pure Collection includes on-trend designs and textures for a sleek, elegant look.

Renovate your bathroom with our stylish, neutral earth tones or add a touch of colour to your walls with our pinks and blues. If you're looking to recreate that spa-look instead, check out our mineral décors and bestselling marble effects.

Combine your colour choice with a pattern from our Tile range in either XL Offset, Large, Herringbone or Metro styles.

If you love the appearance of traditional tiles but are tired of living with the maintenance of grout, the Multipanel Tile Collection is what you have been waiting for.

The Tile Collection is the first tile-effect wall panel to be Made in Britain and FSC®-certified. Using the very latest in manufacturing technology, we etch a 2.5mm pale grey grout line into our Tile Collection décors, creating a beautiful tile effect with laser precision. Unlike traditional tiles, these tile effect panels are simple to clean and easy to maintain.

Years **25**  
on Fibo Wall Panels

## About Us

Designed and manufactured in Norway - the home of wood technology and contemporary Scandinavian styling – Fibo is the leading supplier of tile-effect wall panels. Starting out quite modestly in 1952 with a small factory, today we operate a multi-million pound award-winning factory producing panels for over 100,000 bathrooms a year.

Tried and tested in Norway for almost 70 years, Fibo was the first to make the 'click' system for walls. The smooth and strong surface can withstand both direct water spray and large temperature fluctuations. Quick to dry, easy to clean, and simple to install. You are guaranteed a result that will last for many years.

## Did you know?

Research has revealed that Fibo's leading waterproof wall panel system has a carbon footprint that is 37% lower than tiles when installed in a typical bathroom. This is in part due to Fibo sourcing their plywood from sustainable PEFC certified sources. So, when you choose Fibo wall panels you can be confident that you're choosing the greener option and reducing your carbon impact. Plus, Fibo wall panel surfaces are all antibacterial so there's no more cleaning mould and worrying about bacteria growing between tiles anymore. Why tile, when you can Fibo?

Designed and made in Norway

Medium Grey, Metro Brick, Urban Tile Effect Collection

## Fibo Profiles + Accessories

### Profiles

Use Fibo profiles (trims) to complete your perfect installation. All profiles come in 2400mm length and are made from aluminium.

Base

Hidden (Internal Corner)

## About Perform Panel – Today's alternative to tiles

With easy installation, no grouting and a unique high-performance fitting system, Perform Panel is the beautiful, efficient, modern alternative to tiles. Available in a large selection of stylish designs across our core ranges. Perform Panel works with any interior scheme. Made in the UK by a family firm trusted by the building industry for 160 years.

Nu-Lock Joint

Manufactured using 7-ply birch plywood, with a "click" tongue and groove finish as standard, creating a seamless joint and look to each panel.

## Perform Panel Trims

Seal and finish wall panel edges and joints with a range of trims, available in a variety of finishes including satin anodised aluminium, white, chrome, black, brushed black, and brushed brass.

# INSTINCT®

# Heated Towel Rail Buying Guide.

**All you need to know about buying the right heated towel rail for your bathroom, cloakroom or en-suite space.**

When choosing your heated towel rail, there are a number of factors to consider. To help you make an informed decision, follow our step-by-step guide opposite.

# Heated Towel Rail Buying Guide

## Step 1 Heating Source\*

Your first step is to decide if you are going to connect your towel rail to your central heating system, existing mains electric or run off both as a dual fuel option.

## Step 2 Location

Consider your room size – is it for a family bathroom, downstairs cloakroom or smaller en-suite? Location will determine the size and heat output of the towel rail required.

## Step 3 Heat Output

BTU (British Thermal Unit) output is one of the biggest considerations when deciding your towel rail. The higher the BTU, the higher the heat output will be. Bigger bathrooms need higher BTU rated rails, smaller en-suites lower.

## Step 4 Choose a Style

There are many styles of heated towel rails. Select a Contemporary, Traditional or Ladder style to suit your new bathroom or complement your existing space. Choose from floor standing or wall mounted options; where floor space is at a premium.

## Step 5 Choose a Finish

Select from a wide variety of colours and finishes. Chrome is a very traditional finish but consider new metallic finishes in Brushed Brass, Gunmetal or colour options in Anthracite, Steel Blue or White Sparkle to name a few. The choice is yours!

## Step 6 Choose Accessories

Your final step is to choose a complementary valve or heating element accessory.

**So now you know how. Browse through the pages ahead and choose the right option for you.**

## Step 7 How to Order

**All towel rail options are for Hot Water Heating systems only.**

If you wish to order a Sealed Electric option please add the supplement code **PHG-EO-SUPP**.

If you wish to order a Dual Fuel option please add the supplement code **PHG-HE-SUPP**.

**PHG080-50ZAT**

Product Code – Heating

**PHG-HE-SUPP**

Supplement Code – Dual Fuel

**PHG-EO-SUPP**

Supplement Code – Sealed Electric

\*Whatever option you choose, you must use a qualified professional to install it for you.

## Wi-Fi Temperature Control Electrical Element

Harness smart technology to allow you to control your towel rail from any location. With a modern design and easy installation, the heating element is the perfect upgrade for modern living. The Wi-Fi elements can be controlled from your smartphone using a free downloadable app available on iOS, Android and Google operating systems or manually using the touch screen functions.

Finish – PVD Brushed Brass or Chrome  
 Timer – 7 day programmable timer, 1 to 8 hour boost function and temperature control of the towel rail  
 Element Cable Length – 1.1m

<b>PHG-EE010HE-SUPP</b> Dual Fuel	£254.00
<b>PHG-EE010EO-SUPP</b> Electric Only	£390.00

### D-Shape Temperature Control Electrical Element

Featuring a modern design and additional functions, is equipped with an electronic controller and easy to view LED display. This display indicates the radiator's water temperature and provides complete control over the touch temperature of any unit it is fitted into, allowing you to take charge of your comfort.

The model is ideal for use with 22 and 25mm multi-rail towel warmers and features:

Finish – Chrome or Matt Black

Smooth temperature adjustment – Between 10°C to 65°C in 1°C increments

Boost function – 1, 2 or 3 hour periods

Timer – Maintaining previously selected temperature for a period of 1 to 9 hours

Element Cable Length – 0.9m

**PHG-EE009HE-SUPP** Dual Fuel £207.00

**PHG-EE009EO-SUPP** Electric Only £343.00

### Shroud Options

Clip into place shroud accessories for the D-Shape temperature control electrical element. These shrouds are available to suit the uprights of your towel warmer in round or square format, in Chrome or Matt Black finish.

These can be purchased separately if required at prices shown.

#### Round Shrouds

**INS-AC068R-CP** Chrome £33.00

**INS-AC068R-MB** Matt Black £33.00

#### Square Shrouds

**INS-AC068S-CP** Chrome £33.00

**INS-AC068S-MB** Matt Black £33.00

### Element Cover Cap

To suit standard element EE002 for metallic finish models.

**INS-ECOV-FBB** Brushed Brass £18.00

**INS-ECOV-FGM** Gunmetal £18.00

**INS-ECOV-FBRBB** Brushed Bronze £18.00

**INS-ECOV-FSBRN** Brushed Nickel £18.00

### Standard Element - EE002 - IP55

A benchmark element to suit each size of product.

**PHG-HE-SUPP** Dual Fuel £96.00

**PHG-EO-SUPP** Electric Only £255.00

### Towel Rail Element (Including Tee Piece + 1/2" Plug)

Suitable for both dual-fuel and electric only  
Maintains liquid temperature between 40-54°C

**TRE150** 150W £51.00

**TRE250** 250W £53.00

**TRE400** 400W £55.00

**TRE600** 600W £57.00

**TRE800** 800W £66.00

# Electric Underfloor Heating

**A cleaner smarter way to heat your home.**

Warmup's underfloor heating uses radiant heat technology, which heats objects in a space directly rather than just warming the air of the room. You can use underfloor heating as your home's primary heat source or install a system in just one room.

To find out more, pick up your Instinct Pro Plumbing + Heating Brochure today.

Alternatively, visit [instinctproducts.co.uk](https://www.instinctproducts.co.uk) and view our Instinct Pro brochures online

# HEATING SPARES

Stock - Knowledge - Service

Connect directly with the  
experts on WhatsApp!
